**Taxi Tervoort Alkmaar's way to find your taxi:**

Your plane has landed en you have booked a taxiride with Taxi Tervoort Alkmaar. How are you going to find your driver? Where will his taxi be? Here is a simple plan to guide you to your taxi. If you follow this procedure, your pick up will go smoothly and comfortable.

Step 1: Stay in your plane untill it has landed and arrived at the gate;

Step 2: Go out of the plane and go to the luggage belt to collect your belongings. (If the planeride to the gate or the collecting of your luggage takes a long time, please let us know within an hour after landing!) Please do this to prevent problems! Need to go to the bathroom facilities? This is your moment*!*

Step 3: Once you have collected your luggage, walk towards the red cube statue in the Schiphol arrivals main hall. *(see picture below)*. Once you have arrived there, contact your driver to let him know your ready to be picked up. You can reach him/her at our dispatchnumber +31-(0)72-220 1393. In most cases the driver will have allready contacted you directly, so please turn on your mobile phone when landed.

Step 4: After your call the driver will come to the first lane at Schiphol airport. They call this the A-lane. It will take a few minutes for your driver to get there. In the meanwhile you can start walking towards the exit so you can get in your private cab in front of the entrance *(see picture below)*. take notice: we will not leave our taxi to come and pick you up inside.

Step 5: Get in your taxi and get ready for a relaxing en comforable ride to your home, business or holliday provided to you by Taxi Tervoort Alkmaar.

Tip: Call your driver once you have passed the costums-check. This will save you waitingtime at the meeting point.

TAKE NOTICE: Your driver has only 9 minutes to let you get in your taxi. If you have called your driver, but are not standing at the pickuppoint, your taxi will leave in order to make a new pickup run. For this event you will be charged an extra € 5,00. Please make sure you are ready!
